

According to the global [Biofortification Market](#) report published by Value Market Research, the market is expected to touch USD XX.X MN by 2025, with a CAGR of X.XX% growing from valued USD XX.X MN (by revenue) in 2018. This is a tailored made research service providing informative data and various critical aspects of the market such as market outlook, market share, growth, and trends. Further, the report also offers evidence-based information that helps to transform clients business and achieve their business goals. Moreover, the report also highlights the key strategy of top players. Additionally, this report covers a wide spectrum of services such as the latest technology trend, market opportunity analysis, and competitive landscape.

The report also covers detailed competitive landscape including company profiles of key players operating in the global market. The key players in the biofortification market include Agro Biosciences Inc., BASF, Bayer, Charles River, Dowdupont, Intertek, Lemnatec, Monsanto and Syngenta among others. An in-depth view of the competitive outlook includes future capacities, key mergers & acquisitions, financial overview, partnerships, collaborations, new product launches, new product developments and other developments with information in terms of H.Q.

### **Market Segmentation**

The broad biofortification market has been sub-grouped into target nutrient and crop. The report studies these subsets with respect to the geographical segmentation. The strategists can gain a detailed insight and devise appropriate strategies to target specific market. This detail will lead to a focused approach leading to identification of better opportunities.

#### **By Target Nutrient**

- Zinc
- Iron
- Vitamins

- Others

#### **By Crop**

- Sweet Potato
- Cassava
- Rice
- Corn
- Wheat
- Beans
- Pear Millet
- Others

#### **Regional Analysis**

Furthermore, the report comprises of the geographical segmentation, which mainly focuses on current and forecast demand for biofortification in North America, Europe, Asia Pacific, Latin America, and Middle East & Africa. The report further focuses on demand for individual application segments in all the regions.
