Market Dynamics

Rising count of the smokers across the globe is the major factor driving the market growth. Availability of a wide range of flavors to impart better smoking experience is further fueling the market demand. The shift in consumer preference towards blunts over cigarette is further pushing the market demand uphill. Also, stressed lifestyle leading the rise in smoking habit among the youth is again boosting the market growth. However, rising cases of cancer due to smoking coupled with the ban imposed on usage of tobacco and marijuana by the government of various countries are expected to hinder the market growth.

This detailed market study is centered on the data obtained from multiple sources and is analyzed using numerous tools including porter's five forces analysis, market attractiveness analysis and value chain analysis. These tools are employed to gain insights of the potential value of the market facilitating the business strategists with the latest growth opportunities. Additionally, these tools also provide a detailed analysis of each application/product segment in the global market of blunt wrap.
