### **Market Dynamics**

The market has experienced significant growth in the past decade owing to the rising prevalence of oral diseases reported worldwide and the growing awareness among the people regarding oral health. The major factors that drive the market growth are the integration of dental X-rays in orthodontics, implants, and prosthetics and rising adoption of cone beam computed tomography (CT). However, high costs associated with digital X-ray systems is likely to curb the market growth. Nevertheless, the rise in the digitalization of dental X-ray systems is expected to offer numerous opportunities for industry expansion.

This detailed market study is centered on the data obtained from multiple sources and is analyzed using numerous tools including porter's five forces analysis, market attractiveness analysis and value chain analysis. These tools are employed to gain insights of the potential value of the market facilitating the business strategists with the latest growth opportunities. Additionally, these tools also provide a detailed analysis of each application/product segment in the global market of dental x-rays systems.

### **Market Segmentation**

The broad dental x-rays systems market has been sub-grouped into product, type, application and end-user. The report studies these subsets with respect to the geographical segmentation. The strategists can gain a detailed insight and devise appropriate strategies to target specific market. This detail will lead to a focused approach leading to identification of better opportunities.

### **By Product**

- Digital
- Analog

#### **By Type**

- Extraoral
- Intraoral
- Hybrid

#### **By Application**

- Diagnostic
- Therapeutic
- Cosmetic
- Forensic
- Others

#### **By End-User**

- Dental Hospitals
- Research Institution
- Forensic Laboratory

#### **Regional Analysis**

Furthermore, the report comprises of the geographical segmentation which mainly focuses on current and forecast demand for dental x-rays systems in North America, Europe, Asia Pacific, Latin America, and Middle East & Africa. The report further focuses on demand for individual application segments in all the regions.
